

CO7095 Software Measurement and Quality Assurance

[View Online](#)

@book{Boehm_2000, address={Upper Saddle River, N.J.}, title={Software cost estimation with Cocomo II}, publisher={Prentice Hall PTR}, author={Boehm, Barry W.}, year={2000} }

@book{Fenton_Pfleeger_1997, address={Boston, Mass}, edition={2nd ed}, title={Software metrics: a rigorous and practical approach}, publisher={PWS Pub}, author={Fenton, Norman E. and Pfleeger, Shari Lawrence}, year={1997} }

@book{Florac_Carleton_1999, address={Reading, Mass}, title={Measuring the software process: statistical process control for software process improvement}, volume={SEI series in software engineering}, publisher={Addison-Wesley}, author={Florac, William A. and Carleton, Anita D.}, year={1999} }

@book{Gilb_Finzi_1988, address={Wokingham}, title={Principles of software engineering management}, publisher={Addison-Wesley}, author={Gilb, Tom and Finzi, Susannah}, year={1988} }

@book{Gilb_Graham_Finzi_1993, address={Wokingham}, title={Software inspection}, publisher={Addison-Wesley}, author={Gilb, Tom and Graham, Dorothy and Finzi, Susannah}, year={1993} }

@book{Humphrey_1997, address={Reading, Mass}, title={Introduction to the personal software process}, volume={SEI series in software engineering}, publisher={Addison-Wesley Pub}, author={Humphrey, Watts S.}, year={1997} }

@book{Jalote_2000, address={Reading, Mass}, title={CMM in practice: processes for executing software projects at Infosys}, volume={The SEI series in software engineering}, publisher={Addison-Wesley}, author={Jalote, Pankaj}, year={2000} }

@book{Kan_2003, address={Boston, Mass}, edition={2nd ed}, title={Metrics and models in software quality engineering}, publisher={Addison-Wesley}, author={Kan, Stephen H.}, year={2003} }

@book{Kit_Finzi_1995, address={Wokingham}, title={Software testing in the real world: improving the process}, volume={ACM Press books}, publisher={Addison-Wesley Pub. Co}, author={Kit, Edward and Finzi, Susannah}, year={1995} }

@book{Libes_1995, address={Sebastopol, Calif}, title={Exploring expect: a tcl-based toolkit for automating interactive programs}, volume={A Nutshell handbook}, publisher={O'Reilly & Associates, Inc}, author={Libes, Don}, year={1995} }

@book{Robertson_Robertson_2013, address={Upper Saddle River, NJ}, edition={3rd ed}, title={Mastering the requirements process: getting requirements right}, publisher={Addison-Wesley}, author={Robertson, Suzanne and Robertson, James}, year={2013} }

@book{Royce_1998, address={Reading, Mass}, title={Software project management: a unified framework}, volume={The Addison-Wesley object technology series}, publisher={Addison-Wesley}, author={Royce, Walker}, year={1998} }

@book{Sommerville_2011, address={Boston, Mass}, edition={9th ed., International ed}, title={Software engineering}, publisher={Pearson}, author={Sommerville, Ian}, year={2011} }

@book{Van Solingen_Berghout_1999, address={Maidenhead}, title={The goal/question/metric method: a practical guide for quality improvement of software development}, publisher={McGraw-Hill}, author={Van Solingen, Rini and Berghout, Egon}, year={1999} }

@book{Zahran_1998, address={Reading, Mass}, title={Software process improvement: practical guidelines for business success}, volume={SEI series in software engineering}, publisher={Addison-Wesley Pub. Co}, author={Zahran, Sami}, year={1998} }
